Naval, Military or Air Force Authorities or Her Majesty's Government of the United Kingdom or any Department has been in possession of the land, by virtue of a title less than absolute ownership, compensation shall be estimated without regard to any increase in value on account of works constructed on the said land by the said Authorities or any of them or by any Department: ^{7(a) of 26/52.}

- (e) where part only of the land belonging to any person is acquired under this Law the Tribunal shall take into consideration any enhancement of the value of the residue of the land by reason of the proximity of any improvements or works made or constructed or to be made or constructed by the Acquiring Authority; ^{6 of 22/56.}

The Acquiring Authority, in paying the sum, may make deductions on account of immovable property tax, which may be due to Government in respect of the land with regard to which compensation is awarded and shall pay the amount so deducted to the Comptroller of Inland Revenue:

Provided that the Tribunal shall order that the whole or any portion of the compensation be paid to any mortgagee of the land in satisfaction in whole or in part of the sum

secured by the mortgage, or to any lessee of the property, as compensation in respect of the determination of his tenancy, or to any judgment creditor who has registered his judgment in the manner provided by law, in satisfaction in whole or in part of the sum due under the judgment:

Provided also, that if any person refuses to accept any sum ordered to be paid to him under the provisions of this Law, or is absent from Cyprus, the Acquiring Authority may pay the sum into the District Court of the District in which the land in question is situated.
