## PART II GENERAL PROVISIONS

3. The purposes of this Ordinance are to provide for—

Purposes of this Ordinance.

- (a) the protection, conservation, management and exploitation of all species of wild birds in the Areas;
- (b) the protection, conservation and adjustment of the population of all wild birds in the Areas to a level consistent with ecological, scientific and educational requirements;
- (c) the protection of wild fauna; and
- (d) the conservation of certain species or their re-establishment to a satisfactory state of conservation.

4. The Chief Officer shall have general responsibility for the protection and management of wild fauna in the Areas.

Chief Officer's general responsibilities.

## PART III WILD BIRDS

5. This Part applies to wild birds and to their eggs, nests and habitats.

Scope of Part III.

6.—(1) In order to preserve, maintain or re-establish habitats of sufficient diversity and size for all species of wild birds, the Chief Officer may, having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him—

General powers of Chief Officer.

- (a) designate special protection zones, in accordance with section 7(1) or (2);
- (b) give notification by publication in the Gazette of areas for the creation of biotopes;
- (c) by order published in the Gazette, prescribe measures for the re-establishment of destroyed biotopes.

(2) Any person who contravenes the provisions of any order made under paragraph (c) of subsection (1) above shall be guilty of an offence.

7.—(1) In respect of the species of wild birds which are listed in Schedule I, the Chief Officer may, having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, by order published in the Gazette, prescribe sites as special protection zones.

Special protection zones  
Schedule I.

(2) The Chief Officer may, having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, by order published in the Gazette prescribe special protection zones for migratory species of wild birds which are not included in Schedule I, but whose passing over or through the Areas is frequent.

Schedule I.

(3) The Chief Officer may, having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, prescribe by order published in the Gazette, appropriate measures aimed at avoiding pollution or deterioration of any habitat which is situated outside a special protection zone, or any disturbances harmful to wild birds.

(4) Any person who contravenes the provisions of any order made under subsection (3) above is guilty of an offence.

Protection of wild birds.

**8.**—(1) Save as provided by or under this Ordinance, the following acts are prohibited—

- (a) the deliberate killing or capture of any wild bird by any means;
- (b) the deliberate destruction of, or damage to, the nest or any egg of a wild bird or the removal of the nest of a wild bird;
- (c) the deliberate disturbance of wild birds during their period of breeding and rearing;
- (d) the taking from the wild of any egg of a wild bird and the keeping of any such these egg even if it is empty;
- (e) the keeping of any wild bird the hunting and capture of which is prohibited.

(2) Any person who commits any act which is prohibited by subsection (1) above is guilty of an offence.

Game birds.

**9.**—(1) The Chief Officer may, having regard to any recommendation of the Head of the Game Fund, by order published in the Gazette prescribe as a game bird any description of wild bird mentioned in Schedule II.

Schedule II.

(2) The hunting of any game bird is prohibited during its nesting season, its periods of reproduction and rearing and during its return to its nesting area.

(3) Any person who contravenes the provisions of subsection (2) above is guilty of an offence.

Dealing in wild birds.

**10.**—(1) Without prejudice to subsection (2) below, it is prohibited for any person to sell, transport for sale, keep for sale or offer for sale any live or dead wild bird or any readily recognisable part or derivative of any wild bird.

Schedule III.

(2) It is not prohibited for any person to sell, transport for sale, keep for sale or offer for sale any description of wild bird which is mentioned in Schedule III provided that he does so in accordance with such conditions as, having regard to any opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, the Chief Officer may impose by order published in the Gazette.

(3) Any person who contravenes the provisions of subsection (1) above or the provisions of any order made under subsection (2) above is guilty of an offence.

Prohibited means of hunting for wild birds.

**11.**—(1) In the hunting, capturing or killing of wild birds it is prohibited for any person to use any means whatsoever for the large-scale or non-selective capturing or killing of birds or any means capable of causing the extinction in the Island of Cyprus of any species of bird or capable of reducing the number of any species of bird to such an extent as to threaten it with extinction.

(2) Without prejudice to the generality of subsection (1) above, it is prohibited for any person to use any of the following means for capturing or killing birds—

- (a) mist-nets, limesticks, nooses of any description, iron-traps, leghold traps, hooks, live blind or mutilated wild birds as decoys, tape recorders, electrocuting devices, electronic devices capable of killing or stunning or any other trap or means of luring;
- (b) searchlights, mirrors or any other means of dazzling, sighting devices for night shooting, any apparatus for illuminating targets, silencers or any bait with an explosive mechanism;
- (c) explosives;
- (d) nets, traps, poisoned or anaesthetising bait;
- (e) semi-automatic or automatic weapons with a magazine capable of holding more than two rounds of ammunition;
- (f) plastic or other models of game or wild birds, appliances which produce or emit sounds which imitate the sounds of game or wild birds, whether used on their own or in conjunction with any other items such as cassette tapes or compact discs;
- (g) the method commonly known as “pantima” or any other similar method or practice;
- (h) chemical substances for luring game and wild birds;
- (i) poisonous seeds or substances;
- (j) any appliance which on its own or with the addition of any accessory is capable of spotting game;
- (k) feeding;
- (l) falconry.

(3) Without prejudice to the generality of subsection (1) above but subject to subsection (4) below, it is prohibited for any person to pursue wild birds by any of the following means—

- (a) an aircraft;
- (b) a car or any other form of motorised land vehicle;
- (c) a boat driven at a speed exceeding five kilometres per hour.

(4) Notwithstanding paragraph (c) of subsection (3) above, the Chief Officer may by order published in the Gazette permit, for safety reasons, the pursuit of wild birds in the open sea by means of a motor boat at a maximum speed of eighteen kilometres per hour.

(5) Any person who contravenes the provisions of this section is guilty of an offence.

**12.—**(1) The Chief Officer may, having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, by order published in the Gazette permit the disapplication of sections 8, 9, 10 and 11 for any of the following purposes—

- (a) public health;
- (b) air safety;

Disapplying  
sections 8 to 11.

- (c) the prevention of serious damage to crops, livestock, forests, fisheries and water;
- (d) the protection of fauna and flora;
- (e) for research and teaching purposes;
- (f) for the purposes of repopulation and re-introduction of any species and for any breeding operations necessary for such purposes;
- (g) for the purpose of enabling the taking, keeping and exploitation in a sustainable manner of a small number of specified wild species.

(2) Where the Chief Officer permits the disapplication of sections 8, 9, 10 and 11 by an order made under subsection (1) above, he shall specify in such order the following matters—

- (a) the species of wild birds which are the object of the disapplication;
- (b) the number of the species of wild birds which are the object of the disapplication;
- (c) the permitted means of capturing or killing such species;
- (d) the conditions attaching to, and the period of, the disapplication;
- (e) any other necessary restrictive conditions;
- (f) the persons to whom the disapplication applies; and any checks which may be carried out by the Area officer or by a game warden.

Introduction of non-local species of birds into the Areas.

**13.**—(1) The Chief Officer, having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, may specify by order published in the Gazette any measures necessary to ensure that any possible introduction of non-local species of wild birds into the Areas does not cause any harm to the local fauna and flora.

(2) Any person who contravenes the provisions of any order made under subsection (1) above is guilty of an offence.

Information to EC Commission.

**14.** The Chief Officer may provide the Commission of the European Communities with such information as appears to him to be relevant to the work of the Commission in the matters with which this Ordinance is concerned.

## PART IV SPECIES OF COMMUNITY INTEREST

Species of fauna of Community interest. Schedule IV.

**15.**—(1) Subject to the provisions of section 28, any form of intentional capture or killing in its natural habitat of any species of fauna of Community interest which is included in Schedule IV is prohibited.

Schedule IV.

(2) Subject to the provisions of section 28, the intentional disturbance in its natural habitat of any species of fauna of Community interest which is included in Schedule IV during any period when it is reproducing, rearing its young, hibernating or migrating is prohibited.

(3) Subject to the provisions of section 28, the intentional destruction for collection in their natural environment of the eggs of any species of fauna of Community interest which is included in Schedule IV is prohibited.

Schedule IV.

(4) Subject to the provisions of section 28, the damaging or destruction of any place within the natural habitat of any species of Community interest which is included in Schedule IV where such species reproduces or rests, is prohibited.

Schedule IV.

(5) Subject to the provisions of section 28, the keeping, transport, sale or exchange or offer for sale of any specimen of a species of fauna of Community interest which is included in Schedule IV or of any part of such a specimen is prohibited.

Schedule IV.

(6) Subsections (1), (2) and (5) above apply to all stages of the life of any species of fauna of Community interest which is included in Schedule IV.

Schedule IV.

(7) Any person who contravenes the provisions of this section is guilty of an offence

**16.—**(1) The Administrator may, on the recommendation of the Chief Officer and having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, make regulations providing for a system of continuous monitoring of incidental captures or killings of any species of fauna of Community interest which is included in Schedule IV.

Monitoring of fauna of Community interest.

Schedule IV.

(2) On the basis of such a system of continuous monitoring as is referred to in subsection (1) above, the Administrator may, on the recommendation of the Chief Officer and having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, provide by regulations any further investigations or conservation measures that he considers necessary so as to ensure that such incidental captures or killings as are referred to in subsection (1) above do not have any adverse effect on any species of fauna such as is referred to in that subsection.

**17.—**(1) Where, under section 18, the capture or killing is permitted of any species of fauna of Community interest which is included in Schedule IV, it is prohibited to use any indiscriminate means which may cause such a reduction in the number of the species locally as to threaten or lead to the extinction of the species, or to use any means which seriously disturbs the peaceful environment of any species of Community interest, and in particular it is prohibited to use any of the means described in subsections (2) and (3) below.

Prohibited means of hunting fauna of Community interest.  
Schedule IV.

(2) It is prohibited to use any of the following indiscriminate means of capturing or killing any mammal—

- (a) blind or mutilated animals as bait or decoys;
- (b) plastic or other models of game or wild birds, appliances which produce or emit sounds which imitate the sounds of game or wild birds, whether such appliances are used on their own or in conjunction with any other items, such as cassette tapes or compact discs;
- (c) mist-nets, limesticks, hooks, nooses of any description, iron-

traps, leghold traps, electric or electronic systems which can kill, anaesthetize or cause confusion;

- (d) any artificial source of light;
- (e) searchlights, mirrors or other means which cause dazzling;
- (f) means of illuminating targets;
- (g) sighting devices for night shooting comprising an electronic magnifier or image converter, silencers and baits with explosive mechanisms, electrocuting appliances;
- (h) explosives;
- (i) nets which capture animals indiscriminately by reason of the manner in which or the conditions under which they are used;
- (j) crossbows;
- (k) poison or bait laced with poison or anaesthetic;
- (l) gas or smoke;
- (m) semi-automatic or automatic weapons with a magazine capable of holding more than two rounds of ammunition;
- (n) the method commonly known as “pantima” or any other similar method or practice;
- (o) chemical substances for luring game and wild birds;
- (p) poisonous seeds or substances;
- (q) any appliance which on its own or in conjunction with any accessory is capable of spotting game;
- (r) feeding;
- (s) falconry.

Schedule IV.

(3) A person shall not use any method of capturing or killing any species of Community interest which is included in Schedule IV with the use of an aircraft or moving motorised land vehicle.

(4) Any person who contravenes the provisions of this section is guilty of an offence.

**18.—**(1) Subject to subsection (2) below, the Chief Officer may, having regard to any written opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, permit by order published in the Gazette, the disapplication of sections 15, 16 and 17, but only for one or more of the following reasons—

Disapplying sections 15 to 17.

- (a) to prevent serious damage to crops, livestock, forests, fish stocks, water resources or any movable or immovable property;
- (b) to protect wild fauna and flora and to conserve natural habitats;
- (c) in the interests of public health or public safety, or for other compelling reasons of overriding public interest, including those of a social, economic or environmental nature;
- (d) for the purpose of research and education;
- (e) for the purposes of repopulating and re-introducing species

of Community importance, and for the breeding operations necessary for such purposes, including the artificial propagation of plants;

- (f) to allow, under strictly supervised conditions, on a selective basis and to a limited extent, the taking or keeping of certain specimens of the species of Community importance listed in Schedule IV.

(2) The Chief Officer may permit the disapplication of sections 15, 16 and 17 in accordance with subsection (1) above, only if he is satisfied—

- (a) that there is no other effective, alternative solution;
- (b) that such disapplication does not prejudice the maintenance of a satisfactory level of conservation of specific species of Community interest in their natural habitat.

(3) Where the Chief Officer does permit a disapplication of sections 15, 16 and 17 under subsection (1) above, he shall specify in the order permitting such disapplication the following—

- (a) the species of Community interest which is the object of the disapplication;
- (b) the permitted means of capturing or killing such species;
- (c) the conditions attaching to, and the period of, the disapplication;
- (d) the persons to whom the disapplication applies;
- (e) any checks that may be carried out by the Area officer or by a game warden.

## **PART V GAME**

**19.** Without prejudice to any other provision of this Ordinance the Administrator may, by order published in the Gazette, prescribe as game any species of wild fauna, other than a species of Community or local interest such as is included in Schedule V.

Prescribed game.

Schedule V.

**20.—**(1) The Administrator may, by regulations published in the Gazette—

Regulations on hunting game.

- (a) prescribe the maximum number of game which on any one day may be hunted and possessed by a holder of a game licence;
- (b) prohibit the shooting, killing, pursuing, capture, possession or sale of any game for such period as may be specified in the regulations;
- (c) prescribe the hours during which the hunting of game may be carried out;
- (d) prescribe whether, during the game season the shooting, killing, capture, or pursuing of game with or without the company of a dog by the holders of game licences is permitted;
- (e) specify for any species of game, the maximum number of game, the area and the period during which the shooting,

capture or pursuing of such species of game is permitted and the area and the period where hunting is permitted with the company of a dog.

(2) Any person who contravenes any regulation made under

paragraph (a) or (c) of subsection (1) above, is guilty of an offence and is liable on conviction to imprisonment not exceeding two years or to a fine not exceeding two thousand pounds or to both such penalties.

(3) Any person who contravenes any regulation made under paragraph (b), (d) or (e) of subsection (1) above is guilty of an offence.

Special licence to hunt species of Community interest.

**21.**—(1) Subject to the provisions of section 18, no person shall shoot, kill, capture, possess or pursue any species of Community interest, unless—

(a) he is the holder of a special licence issued to him by the Chief Officer; and

(b) he complies with such conditions as the Chief Officer may impose in relation to such licence.

(2) Any person who contravenes the provisions of subsection (1) above is guilty of an offence.

(3) Any person, other than a holder of a special licence issued to him under subsection (1) above, who has in his possession—

(a) any live species of Community interest; or

(b) any part of a species of Community interest,

is guilty of an offence.

Special licence to hunt wild fauna.

**22.**—(1) Subject to sections 12, 18 and 21, no person shall at any time shoot, kill, capture, pursue, sell, display for sale or possess any species of wild fauna other than game unless—

(a) he is the holder of a special licence issued to him by the Chief Officer; and

(b) he complies with such conditions as the Chief Officer may impose in relation to such licence.

(2) Any person who contravenes the provisions of subsection (1) above is guilty of an offence.

Hunting may be prohibited even in open season.

**23.**—(1) The Administrator may by order published in the Gazette, prohibit the shooting, killing, pursuing, capture, sale or display for sale of any species of wild fauna during any period specified in the order even if such period would, apart from such an order, not fall in a close season.

(2) Any person who contravenes the provisions of an order made under subsection (1) is guilty of an offence.

## PART VI GAME LICENCES

Training course and test to be taken for a game licence.

**24.**—(1) No person shall shoot, kill, possess, capture or pursue in any manner any game, unless he is the holder of a game licence.

(2) Subject to section 30, the first grant to any applicant for a game licence shall be made by the Chief Officer only if the applicant is the holder of a licence to possess a non-shouldered hunting bow or a shouldered shot-gun with a smooth-bore having a single barrel which can hold only one cartridge in its chamber, or having a double barrel which can hold only one cartridge in each chamber, and provided that the applicant has attended such a training course and passed such a test as the Chief Officer may direct by notice published in the Gazette.

(3) An applicant for a game licence who does not already hold such a licence must submit his application to the Chief Officer in Form A of Schedule VI at least one month before the beginning of the training course that he will be attending in accordance with subsection (2) above, and must pay the fee specified in the fourth column of Schedule VII in respect of the entry in the third column of that Schedule relating to section 24(3) (that is to say, this subsection).

Form A.  
Schedule VI.

Schedule VII.

(4) Any person who contravenes the provisions of subsection (1) above is guilty of an offence.

**25.** Any person lawfully working or residing in the Areas who is at least seventeen years of age may attend a training course and take the special test described in section 24 above, if—

Who may take  
training course  
and test.

- (a) he produces to the Chief Officer a certificate from a registered medical practitioner, certifying that he is both physically and mentally fit to hunt;
- (b) he has not been convicted of any offence under the provisions of this Ordinance, in the preceding five years; and
- (c) he has paid the fee specified in the fourth column of Schedule VII in respect of the entry in the third column of that Schedule relating to section 25 (that is to say, this section).

Schedule VII.

**26.—(1)** The Chief Officer may by notice published in the Gazette provide particulars concerning the syllabus for the training courses referred to in section 24 above and the times of and venues for the tests referred to in that section.

Publicising  
particulars about  
training courses  
and tests.

(2) A person who has failed in a test such as is referred to in section 24 above may only take such a test again if he attends another training course such as is referred to in that section. He shall be liable to pay a fee for each such training course that he attends and each such test that he takes.

**27.—(1)** Subject to subsection (3) below and to section 24(2) and section 29, a game licence shall be renewed every year by the Chief Officer on payment by the holder of the game licence of the fee specified in the fourth column of Schedule VII in respect of the entry in the third column of that Schedule relating to section 27 (that is to say, this section).

Renewal of game  
licence.

Schedule VII.

- (b) any local authority, natural history museum, zoo or botanical garden acting under and in accordance with any conditions attached to a licence granted under this section by the Chief Officer.

Restrictions on introducing game and wild fauna into the environment.

**52.**—(1) Any person who introduces into the environment any game without the permission of the Chief Officer is guilty of an offence.

(2) Any person who introduces into the environment any species of wild fauna without the permission of the Chief Officer (who in considering whether to give his permission shall have regard to the opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him) is guilty of an offence.

Taxidermy.

**53.**—(1) A person shall not stuff or keep any stuffed game or other species of wild fauna unless he holds a licence to do so in respect of the description of game or other species of wild fauna in question.

(2) A person applying for a taxidermist's licence shall submit his application to the Chief Officer in Form F in Schedule VI.

Form F.  
Schedule VI.

(3) The Chief Officer shall grant to an applicant for such a licence a taxidermist's licence (which shall be valid for one year) on receiving payment of the fee specified in the fourth column of Schedule VII in respect of the entry in the third column of that Schedule relating to section 53(3) (that is to say, this subsection).

Schedule VII.

(4) The holder of a taxidermist's licence shall display his licence in a conspicuous place in the laboratory in which he carries out his taxidermy activities.

(5) The holder of a taxidermist's licence shall keep a book in which he shall enter for each species of wild fauna to which his licence relates true and accurate particulars, as set out in Form G in Schedule VI. Three copies shall be completed for each species of wild fauna. The first copy shall be given to the client as a licence to possess the species of wild fauna, the second copy shall be kept by the holder of the taxidermist's licence and the third shall be sent to the Chief Officer.

Form G.  
Schedule VI.

(6) The holder of a taxidermist's licence shall present each specimen of wild fauna that is presented to him for taxidermy to the Area Officer, together with the record book, in order to be given approval to stuff that particular specimen.

(7) In respect of each specimen of wild fauna for which he has been given approval a taxidermist shall complete a form such as is set out in Form H of Schedule VI. The bottom part of the form shall accompany the taxidermist's specimen and the top part shall be kept as part of the taxidermist's records.

Form H.  
Schedule VI.

(8) The Area Officer shall not give his approval for the taxidermy of any specimen of wild fauna or animal in relation to which it appears to him that an offence may have been committed contrary to section 11, 17 or 36.

(9) Any person who contravenes the provisions of subsection (4) above is guilty of an offence and on conviction is liable to imprisonment not exceeding two years or to a fine not exceeding two thousand pounds or to both such penalties.

(10) Any person who contravenes the provisions of subsection (1), (5) or (6) above is guilty of an offence.

(11) Any person who on the date that this Ordinance comes into force possesses any stuffed game or other species of wild fauna shall, within six months from that date, apply to the Area Officer for a licence to possess the stuffed game or other species and shall pay the fee specified in the fourth column of Schedule VII in respect of the entry in the third column of that Schedule relating to section 53(11) (that is to say, this subsection).

Schedule VII.

**54.** Any person who—

- (a) without authority enters, disturbs or causes any damage to any place where there are partridges or where water or seeds are provided for game; or
- (b) damages any thing provided by the Administration for the purposes of this Ordinance, is guilty of an offence.

Game not to be disturbed.

**55.—**(1) The Chief Officer, after considering any opinion of the Scientific Committee or of such other environmental expert as he may appoint to advise him, may by notice published in the Gazette, prescribe in addition to the species listed in Schedule VIII any other species of wild fauna as being an endangered species.

Endangered species.

Schedule VIII.

(2) Endangered species shall be afforded the same level of protection as is afforded to the species listed in Schedule I.

Schedule I.

Schedule VIII.

(3) It is prohibited to undertake any development or activity which so degrades any site used in its biological cycle by any endangered species listed in Schedule VIII or mentioned in a notice of the Chief Officer under subsection (1) above, as to have an adverse effect on the population of the species.

(4) The Administrator may, where it is in the public interest, permit an exemption from the provisions of subsection (3) and permit minor development of any site subject to such conditions as he may specify.

Wild fauna not to be fenced in.

**56.—**(1) A person shall not hold any game or other species of wild fauna fenced within any private property.

(2) Where any species of wild fauna becomes trapped within any fenced private property, the owner of the property shall notify the fact to the Area Officer who shall arrange for the fauna to be captured and released in a suitable site.

(3) Where, after any fauna has been captured and released as described in subsection (2) above, it is found again on the same property as the property from which it had been captured, the owner of the property is guilty of an offence.

## PART XI PROTECTION OF AGRICULTURE

Protection of crops.

**57.—**(1) For the protection of human life and agricultural produce, a person engaged in hunting shall not shoot in the direction of any farmer or farm worker working nearby.

(2) When a person is engaged in hunting he shall not drive or park any motorised vehicle on any agricultural crops or on any other place where damage or other harm may be caused to any such crops.

(3) A person shall not intentionally destroy or damage any agricultural crops.

(4) Any person who contravenes the provisions of this section is guilty of an offence.

Permissible means of protecting cultivations.

**58.** The owner of any farm, vineyard, garden or other cultivated land may frighten game and other species of wild fauna which are causing damage or may cause damage to any cultivated plant, using scarecrows, mirrors, radios or, with the permission of the Area officer, a bird-scarer.

## PART XII CONTROL OF NON-PROTECTED SPECIES

Control of non-protected species.

**59.—**(1) The Chief Officer may, by notification published in the Gazette, permit, subject to such conditions as are specified in the notification, a game warden or police officer to carry a shot gun during the close season, in any area, including a game reserve, in order to shoot, kill, capture or pursue such of the non-protected species listed in Schedule IX as are specified in the notification.

Schedule IX.

(2) A notification under subsection (1) above may prescribe an area in which and the period during which the transport of a shot gun in permitted.

(3) Any person who contravenes the provisions of, or any

conditions imposed by or under, any notification made under this section is guilty of an offence.

**60.** Subject to section 59 above, the Chief Officer may give directions as to any measures that he considers are necessary for the killing, capture and pursuit of non-protected species.

Further measures of control.

### **PART XIII GAME WARDENS AND OTHER OFFICIALS**

**61.—**(1) The Chief Officer may appoint any person to be a game warden or may authorise any person to perform the duties imposed upon, and to exercise the powers given to, a game warden under this Ordinance.

Appointment of game wardens and authorised persons.

(2) A person's appointment or authority under subsection (1) above may be terminated at any time by the Chief Officer.

**62.—**(1) A game warden or police officer may, without a warrant, enter any enclosed place in which, on reasonable grounds he has cause to believe that an offence is being committed contrary to the provisions of this Ordinance.

Power of entry without a warrant.

(2) For the purposes of this section, the owner or the person who is responsible for the control or management of any enclosed place in which an offence contrary to the provisions of this Ordinance has been committed shall be deemed to be the person who committed the offence, unless he proves to the Court's satisfaction that he took every reasonable measure or precaution to prevent the commission of the offence.

(3) For the purposes of this section, "enclosed place" means any place which is enclosed but which does not form part of a dwelling.

**63.—**(1) A game warden shall have the general duties of protecting and conserving all wild fauna and their biotopes and to enforce the provisions of this Ordinance.

General duties of a game warden.

(2) If the Chief Constable is satisfied that in order for a game warden effectively to carry out his duties under this Ordinance he needs to carry a shot gun, then the Chief Constable may authorise the game warden concerned to carry a shot gun whilst carrying out his duties.

**64.—**(1) A game warden or police officer may—

- (a) report any person whom he finds in circumstances which reasonably create the suspicion that the person concerned has, whilst pursuing game or wild birds, caused any damage to any crops or other property in the vicinity in which he was found;
- (b) investigate and question any person whom he finds in circumstances which reasonably raise the suspicion that the person concerned has contravened the provisions of this Ordinance or of any regulations or orders made under this Ordinance;

Powers of game wardens and police officers.

- (c) seize for the purpose of investigation any article in the possession of any person whom he has found in any of the circumstances described in paragraphs (a) and (b) above and which helps or may help to prove that an offence has been committed, contrary to the provisions of this Ordinance or of any regulations or orders made under this Ordinance, and may require the person concerned to accompany him to the nearest police station;
- (d) require any person in possession of a shot gun to produce his game licence, his licence to possess a shot gun, his identity card or some other satisfactory form of identification, and the game, the wild birds or any other species of wild fauna he has in his possession;
- (e) stop and search any means of transport which he finds in circumstances which reasonably create the suspicion that any person in or on it is contravening the provisions of this Ordinance or of any regulations or orders made under this Ordinance;
- (f) invite any person whom he finds in circumstances which reasonably raise the suspicion that the person concerned has contravened the provisions of this Ordinance or of any regulations or orders made under this Ordinance to accompany him to the nearest police station;
- (g) enter freely and without notice any immovable property for purposes of supervision, inspection, control and implementation of this Ordinance:

Provided that entry into any dwelling may only be made with the consent of its occupier or pursuant to a Court warrant.

(2) A game warden or police officer may, without a warrant, enter any premises where he has reason to believe that any game, wild bird or other species of wild fauna is being cooked or sold contrary to the provisions of this Ordinance and may confiscate any game, wild bird or other species of wild fauna being cooked or sold on the premises.

(3) Any person who—

- (a) when asked by a game warden or police officer to give his name, fails to do so or gives a false name; or
- (b) when directed by a game warden or police officer to stop any vehicle that he is driving or riding fails to do so, or obstructs the carrying out of any inspection of any such vehicle; or
- (c) in any other way obstructs a game warden or police officer in the performance of his duties or the exercise of his powers under this Ordinance, is guilty of an offence.

(4) A game warden or police officer shall not be liable in respect of any loss or damage caused to any vehicle or for any bodily harm suffered by the driver or any passenger of any vehicle, as a result of the failure of the driver of such vehicle to obey the instructions or directions of a game warden acting under the provisions of this section.

## PART XIV COMPOUNDING OF OFFENCES

**65.**—(1) Any offence under section 20(2), 31(2), 32(2), 33(2), 34(2), 35(2), 47(6) or 53(9) may be compounded in accordance with the provisions of this Part. Offences which may be compounded.

(2) Subject to the other provisions of this Part, the amount payable to compound any offence referred to in subsection (1) above is the amount set out in respect of the offence in question in Schedule X. Schedule X.

**66.**—(1) Where the Chief Officer considers that a person has committed an offence which may be compounded under section 65, he may serve on that person a written notice informing him that if he pays— Procedure for compounding offences.

(a) the amount specified in the notice (being such amount as is appropriate under Schedule X for the offence in question) within 15 days of the date that the notice is issued; or Schedule X.

(b) one and a half times that amount after the expiration of those 15 days but before the expiration of the subsequent 15 days, he will not be prosecuted for the offence.

(2) If the person pays the amount appropriate to his case in accordance with subsection (1) above then he shall not be prosecuted for that offence.

**67.**—(1) A person making a payment pursuant to a notice served on him under section 66 above shall do so at such place and in such manner as is specified in the notice. Payment and its effect.

(2) Any amount paid under this Part to compound any offence is to be treated as if it were a fine.

(3) Proof by any person that he has paid an amount under this Part in respect of an offence shall constitute a complete defence in any prosecution brought against him in respect of that offence.

**68.** A notice issued under section 65 shall—

(a) specify the offence that the person on whom it is served is alleged to have committed; Provisions concerning notices to compound.

(b) describe briefly the particulars of the alleged offence;

(c) specify the period during which there will be no prosecution for the alleged offence;

(d) state the amount that must be paid in order to compound the alleged offence and that if that amount is not paid within 15 days it will be increased by half;

(e) state the address at which payment may be made.

**69.** A person who makes a payment in order to compound an offence shall not be treated as having been convicted of that offence but the fact of the compounding may be brought to the notice of the Court in the event that he is subsequently convicted of any other offence under this Ordinance. Effects of compounding.

## PART XV MISCELLANEOUS PROVISIONS

**70.**—(1) Where any person does any act or thing for which there is a requirement for him to hold a licence under this Ordinance, that requirement shall be deemed to be fulfilled if he holds a licence General provisions concerning licences.

(2) A person who does, or appears to intend to do any act or thing for which he is required to hold a licence under this Ordinance shall produce such licence forthwith for inspection if required to do so by the Area officer or a police officer.

(3) Where a person who has been required to produce a licence as described in subsection (2) above refuses or fails to do so, or refuses to give his name and address, or gives a false name or address is guilty of an offence.

Offence of attempting an offence or assisting in the commission of an offence.

**71.** Any person who attempts to commit an offence contrary to any provision of this Ordinance or who assists another person to commit any offence contrary to any such provision is guilty of an offence and on conviction is liable to the same penalty to which he would have been liable had he committed the offence that he had attempted to commit or, as the case may be, the offence in whose commission he had assisted.

Liability of officers of a body corporate.

**72.** Where an offence contrary to this Ordinance is committed by a body corporate and it is proved that it was committed with the consent, connivance or approval, or that its commission has been facilitated by the negligence of any director, secretary or any other individual having similar responsibilities in relation to the body corporate, such director, secretary or other individual shall also be guilty of a like offence.

Penalty for an offence for which no specific penalty is provided.

**73.** Any person who is convicted of an offence under this Ordinance in respect of which no specific penalty is provided is liable to imprisonment not exceeding three years or to a fine not exceeding ten thousand pounds or to both such penalties.

Subsequent offences.

**74.** Where a person is convicted on a second or subsequent occasion for a similar offence under this Ordinance then—

- (a) if a specific penalty is provided for in respect of such an offence, that penalty shall be doubled; and
- (b) the offender shall be disqualified from holding a game licence for a period of at least ten years, unless the Court considers that there are reasonable grounds not to disqualify him at all or to disqualify him for a shorter period.

Additional powers of Court.

**75.—**(1) Where a person is convicted of any offence under this Ordinance, the Court may, in addition to any other penalty, disqualify him from holding a licence for a shot gun for a period not exceeding ten years.

(2) Where a person is convicted of any offence under this Ordinance the Court shall automatically forfeit any shot gun, means of transport, or other article with which or in respect of which the offence was committed, unless the Court considers that in all the circumstances of the case it is appropriate not to do so.

(3) Where a person is convicted of any offence under this Ordinance the Court may revoke any licence that had been granted to him under this Ordinance.

Rewards.

**76.** The Chief Officer may, out of any fine imposed on any person on his conviction for an offence under this Ordinance, or

out of any amount paid by any person to compound an offence under this Ordinance, pay a reward not exceeding one half of such fine or amount to any individual who, in the opinion of the Chief Officer, gave information or other assistance which contributed to the conviction of the person convicted or, as the case may, the person whose offence was compounded.

**77.**—(1) Where a licence issued under this Ordinance is lost, accidentally destroyed or becomes so damaged as to make it illegible, the Chief Officer may issue a duplicate of the licence. Duplicate licences.

(2) A duplicate licence issued under subsection (1) above shall have the same effect as the licence of which it is a duplicate.

**78.** The Chief Officer may by order published in the Gazette amend or replace any of the forms which are set out in Schedule VI. Amendment of forms: Schedule VI.

**79.**—(1) The Administrator may make regulations in respect of any matter for which this Ordinance provides shall or may be prescribed and more generally for the better implementation of the provisions of this Ordinance. Regulations.

(2) Without prejudice to the generality of subsection (1) above, such regulations may provide for any matter governing the operation and use of any public hunting area, the regulation and control of hunting in public hunting areas and generally any matter relevant to the operation and management of a public hunting area.

(3) Any person who contravenes the provisions of any regulations made under this section is guilty of an offence.

**80.** The Chief Officer may grant a licence to any person, subject to such conditions as the Chief Officer may impose, permitting the licence holder to carry out research or to take such action or measures concerning the management of wild fauna as may be described in the licence. Licence to carry out research.

**81.** The following Ordinances are repealed—
